At the Time of the Equinox

sudden changes in cli-
matic conditions are ex-
perienced even in our
equable islands, and it is
important that at such
time unusual care be
given to the feeding of
young children.

In this connection we call
attention to the absolute
purity and high food value
of the milk we furnish.
All the cows in the
Dairies supplying this
Association are regularly
passed as healthy by the
Territorial Veterinarian,
and every Dairy is kept
in perfect sanitary condi-
tion.

All milk when received at
our Depot, and before dis-
tribution to our custom-
ers, is subjected to an
electric treatment to in-
sure the elimination of
any possible impurity.
